

# THE WORD TOKEN (\$TWD) WHITEPAPER (V1)

## INTRODUCTION

Born out the desire to digitalize the coming move of God, **The Word (\$TWD)** token was launched to serve as a medium of exchange and the system of reward on **The Ark**; a Christocentric digital reality that would be built to serve the global Christian community, driving and increasing the inclusion of Christian communities in digitalization.

## PROBLEM

Daniel 12:4 *But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased.* (KJV)

We have not witnessed the speed of human events, interactions, transactions, and so on such as we are witnessing now. The entire world is being driven by digitalization and technologies. The prophecy in Revelations 13:17 seems less far fetched at the moment, as human existence is now based on numbers (digitalization).

However, Christians who have been given this privileged information by prophecy have been on the back foot when it comes to adopting and integrating digitalization into the dealings of the Christian faith.

## THE WORD Token

This is the first Christocentric digital currency built by believers of the Christian faith for believers of the Christian faith.

This project is aimed at motivating and encouraging the adoption of digital innovation and inclusion across the global Christian community.

To promote the global reading culture, this project aims to host a Read2Earn platform where readers will be rewarded monthly with BNB according to their

position on the leadership board. Writers also earn \$TWD when their books are bought/rented on the e-library. The project aims to host the largest e-library

This project is peculiar since it is the first of its kind, available to the Christian population of over 2.4 billion. While it will be readily available to Christians in developed and civilized regions, the project also aims to champion digital evangelism to underdeveloped and the traditionally hard-to-reach parts of the globe; spreading the gospel of Jesus Christ and on boarding these underdeveloped populations on the digital revolution.

V2

Digital Wallet, Social Ecosystem and Staking platforms.

#### February to June 2023 RoadMap

- Fair Launch
- 3000 wallet holders
- 9000 transactions
- 5000 followers on Facebook and 5000 telegram subscribers and community members
- Renouncing Ownership
- Smart Contract Audit
- BSC Scan Smart Contract Audit
- CMC Coin Market listing
- Watcher Guru Listing
- Coin Sniper Listing
- Global Marketing
- 5M Market Cap.
- Every other thing the Lord wills

## TOKENOMICS

📄 **Tokenomics (Supply - 100B)**

▲ (33% holders | 31% burnt | 30% Lock | 6% LP)

Taxes - 7% Buy and 6% Sell

Ownership - renounced

LP lock - Pinksale
